

HYDRAULIC TOOLS

The spools are tired, the valves need a rest,
Our pressure's been high we've given our best!
We've set every relief, made cylinders gleam,
Now it's time for a pudding (and a nap) for the team!

So here's the plan, no need to despair,
December 23rd we're outta there!
But dry those tears and don't lose flow,
We're back January 6th, all good to go!

Till then, keep your couplings tight and your pressure just right,
Have a Christmas so good it's downright legendary!

Even while we're off for Christmas cheer,
If trouble strikes, we're still near!

Bernard: 076 521 0793

Daniel: 071 631 0376

Eric: 082 559 6218

Your Holiday heroes always on call to keep on your flow!
